The State Education Department has printed this bibliographic guide to aid New York State schools in improving their collections of reference materials for Advanced Placement courses. The guide was prepared for the Department in the spring of 1965 by:

Leone Roselle
Mamaroneck High School
Mamaroneck, New York

Robert Barron
White Plains High School
White Plains, New York

and reviewed in final form by Paul M. Glaude, Chief, Bureau of Foreign Language Education.

Materials are listed in $500 groups and should be purchased in such groups wherever possible. The groups are listed in the order in which they should be purchased; that is, the first group is a basic collection and successive groups build a more extensive collection.

Procedures for 50% reimbursement of the material costs by the State Education Department involve the submission of an evaluation report to the Bureau of Teacher Education following the purchase, receipt and use of the materials for one term. The report should include:

1. Extent of the use of the materials (i.e. number of students, circulation of materials).

2. Observed improvements in classes using the suggested reference materials.

3. Suggested additions to and deletions from the guide.

Attached to the report must be proof that the materials were ordered, received, and paid for by the district. Of course, no report is needed if the district does not wish to apply for 50% reimbursement.

Similar bibliographic guides are also available for the remaining ten Advanced Placement subject areas. Copies may be obtained from:
